

SNOWMAKER 2 GO

All Weather Snowmaker

- **High-quality Snow** — The snow produced by IDE technology has been tested and acknowledged by all industry opinion leaders for its outstanding qualities
- **Plug 'n Play Solution** — Easy set up! Just plug it in to water and power sources and you're ready for snow production
- **Snow Distribution & Mobility** — For convenience and flexibility, you can move the snowmaker itself and the distribution unit anywhere and use it wherever you need it
- **Any Time, Any Temperature** — Regardless of the weather conditions, Snowmaker2go produces high-quality snow anytime
- **Easy-to-Use** — Designed for simplicity, the Snowmaker2go couldn't be easier to use and handle — no pre-qualification required

Get Snowed with SNOWMAKER2GO

Nature doesn't always cooperate. It has its own schedule, that may or may not meet your business needs. That's where IDE's new Snowmaker2go steps in and fills the missing gap.

A stand-alone device, Snowmaker2go gives you the flexibility of use wherever and whenever needed. Its simple set-up and operation make the Snowmaker2go a true plug-and-play solution.

With production capabilities of 200 m³/day high-quality snow all you'll need to do is point and shoot the Portable Snowmaker's distribution gun for the coverage you need.

Proven Technology You Can Rely On

Based on IDE's VIM (Vacuum Ice Maker) technology, the Snowmaker2go combines proven abilities with the convenience and flexibility of a mobile solution. Now you can get high-quality snow produced in an environmentally friendly way, where and when you need it.
